

Acknowledgements

In addition to the National Institute of Child Health and Human Development, National Institute of Health, which sponsored the multidisciplinary conference “Wellness for Girls and Women with Turner Syndrome” held in April 2006 in Washington DC, we would also like to thank our sponsors from the pharmaceutical industry, Genentech, Eli Lilly, Pfizer and Novo Nordisk. Novo Nordisk is especially thanked for an unconditional educational grant, which made the publishing of this book possible.

We would like to thank all the contributors at the meeting and the authors of chapters in the present book.

Worldwide, we would also thank all the interested and extremely forthcoming girls and women with Turner syndrome, who have participated in the many research projects, which makes progress in this fascinating area possible.
